Position Number: 036852 (use this when applying on-line at the URL listed above)

Job Description:

The Department of Civil and Environmental Engineering at Wayne State University (WSU) in Detroit, Michigan invites applications for a tenure-track faculty position in the structural engineering field at the assistant or associate professor level, effective August 19, 2010. A PhD degree in Civil Engineering with a specialization in structural engineering or a related field is required. All areas of expertise will be considered, and a track record or demonstrated potential of establishing and maintaining an externally funded research program is critical. Professional licensure is required within three years of appointment. Prior experience in engineering consulting, teaching, or research will be considered an asset. Additionally, candidates will be sought with a vision of collaboration and relevance for their research and teaching that is crossdisciplinary and will extend beyond campus to the Detroit metropolitan area, nationally, and internationally.

Applications should include the following material: 1) a cover letter, 2) a detailed CV, 3) at least one sample publication, and 4) a list of at least three references with e-mail addresses and phone numbers. The application needs to be filed online at https://jobs.wayne.edu. The review will start immediately and interested candidates are encouraged to apply today.

WSU is one of the nation's pre-eminent urban research universities with 11 colleges/schools and approximately 33,000 students, ranking in the top 50 in research and development expenditures out of all public universities by the National Science Foundation. With an outstanding intellectual and industrial infrastructure established over many decades in the Detroit metropolitan area, excellent opportunities exist for collaborative research and development within and outside the University.
WSU is an equal opportunity employer, women and under-represented minority groups are strongly encouraged to apply.

Salary is commensurate with credentials and experience.

Review of applications will begin immediately and continue until the position is filled. 
NOTE: Only on-line applications submitted to https://jobs.wayne.edu are accepted.
