Kent Polytech Adult Education Center
823 Walnut Shade Rd., Woodside, DE 19980

OSHA 10-Hour Overview:

This revolutionary program for owners, safety managers, supervisors, and workers is focused directly on the hazards and situations that roadway construction workers face every day. From work zones to night work, this training sets the standard for the entire industry!

This course addresses 12 key construction work zone related safety and health topics:

<ul style="list-style-type: none"> • Introduction to OSHA • Electrical Safety • Roadway Work Zones • Excavations and Trenching • Personal Protective Equipment • Confined Spaces 	<ul style="list-style-type: none"> • Night Work • Fall Prevention & Protection • Mechanized Equipment • Occupational Health • Collisions • Management Commitment
--	--

OSHA Certification Cards will be issued only to those who successfully complete one of the two 10-hour sessions listed above.

Instructor: Camille Villanova, Certified OSHA Trainer

Registration: Register for this course [here](#). Review the complete workshop agenda. Registrations will be confirmed approximately two weeks before the workshop. Since space is limited to 30 participants in each of the two sessions, the T² Centers will allocate seats to as many different agencies as possible.

Fees: Free for state, local, and federal transportation agency employees.

Continental breakfast and lunch included (Wednesday for Session #1 and Friday for Session #2 only).
