September 12th-13th

2005 NEW YORK CITY BRIDGE CONFERENCE

at the New York Marriott East Side, 525 Lexington Avenue in NYC

Preliminary Conference Session Description and Call For Papers
The 2005 New York City Bridge Conference is seeking papers from bridge owners, researchers and designers. The conference will have two sets of proceedings. Select papers, will be published in the bound conference proceedings, and will be reviewed in accordance with the review process of the Journal of Bridge Structures. Multiple submissions will not be accepted for review. The maximum length for each paper is 10,000 words. Other papers will be published in the conference CD-ROM proceedings. Guidelines with complete instructions for manuscript preparation will be posted by February 1, 2005 on the Association’s website at www.bridgeengineer.org.

In recognition of international bridge design and bridge engineering research achievements, the Bridge Engineering Association grants Bridge Design and Bridge Engineering Research Awards to individuals that have made significant contributions to the field of bridge engineering. The awards are presented every other year at the New York City Bridge Conference. Nominations will be accepted for live individuals only. To nominate an individual for his/her professional accomplishments in Bridge Design or Bridge Engineering Research, please submit your letter of nomination and the nominee’s resume to the Bridge Engineering Association via email to kmahmoud@bridgeengineer.org, by June 24, 2005.
